MEMORANDUM FOR: Executive Assistant  
Office of the Executive Director

FROM: [REDACTED]

STAT

Deputy Director of Security (P&M)

SUBJECT: United States Customs Service

1. Reference is made to recent discussions concerning the visit of three Customs Service officials on 10 November 1982. These senior officials are:

Mr. Alfred R. DeAngelus  
Deputy Commissioner of Customs

Mr. William Green  
Deputy Assistant Commissioner for Enforcement

Mr. Charles Hackett  
Deputy Assistant Commissioner for Internal Affairs

2. For your background information, the Office of Security recently accredited Room 6217 of the Customs Headquarters Building as a Sensitive Compartmented Information Facility, following a final inspection by our Physical Security Division. On 26 October 1982, three representatives of the United States Customs Service visited the Headquarters Building and were provided with briefings on various aspects of our security program, including the clearance process, security education, polygraph, computer security, and SCI procedures. Our feedback suggests that this display of cooperation was well received, and these three visitors are very favorably disposed toward the Agency. It is understood that Mr. Green met with Mr. John McMahon for about two hours approximately one year ago when Mr. McMahon was Executive Director.

3. At this point the Director of Security intends to meet with these official guests at 2 p.m., provide them with an overview on the Office of Security, and then accompany them to the Polygraph Division for more detailed discussions on our polygraph program which is of considerable interest to the United States Customs Service. They will be brought to the Office of the Executive Director at 4:15 p.m. for a brief session with Mr. Briggs.

Deputy Director of Security (P&M)

SUBJECT: United States Customs Service

1. Mr. Fred Colgan, a close personal friend who is with the United States Customs Service, has advised that two senior officials, Alfred R. De Angelus and William Green, are quite interested in our security program, with a particular focus on polygraph. Mr. De Angelus is the Deputy Commissioner of Customs, and Mr. Green is the Deputy Assistant Commissioner for Enforcement.

2. For your background information the Special Security Center recently accredited Room 6217 of the Customs Headquarters Building as a Sensitive Compartmented Information Facility, following a final security inspection by Physical Security Division. Several U. S. Customs officers were recently briefed on aspects of our program, particularly the activities of the Special Security Center and the Security Education Group. The feedback I get is that Customs is extremely appreciative of our effort to provide cooperative guidance and assistance in the security area. I have met Messrs. De Angelus and Green and have found them to be very favorably disposed toward the Agency. I

3. Mr. Green reportedly met John McMahon for about two hours approximately one year ago, when John was Executive Director, and Customs viewed it as a highly productive session.

3. Tentative plans have been made for a meeting with you at 2 p.m. on Wednesday, 10 November, and I have alerted [REDACTED] STAT that there would likely be a follow up session on the Polygraph Division. Pat mentioned that there will be a Career Board meeting next Wednesday and he would likely ask [REDACTED] STAT to handle the polygraph briefing. We should firm up the meeting ASAP.

4. I planned on meeting and escorting De Angelus and Green when they first arrive. Per our discussion, I should think that a courtesy call on the DDCI, even a few minutes, would be deeply appreciated. My informal reading is that they hold John in high respect.

REFER TO

Mr. John N. McMahon  
Deputy Director  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Mr. McMahon:

Please permit me to express our appreciation to you and the Central Intelligence Agency for the splendid cooperation extended to and assistance received by the Customs from Agency personnel.

To cite one recent example, last week [redacted] (Deputy Director of Security and Management) had three of our staff members over to your Headquarters for briefings on security matters of great concern to the Commissioner and the Service.

STAT

The briefing sessions, I am informed, were most informative and truly reflect the knowledge as well as professional competence of your Security staff. Kindly convey our thanks and regards to [redacted] and those in the Office of Security who made our representatives welcome and shared so willingly their expertise in security subjects of mutual interest. We are indeed grateful.

A representative of the Agency's Physical Security Division recently conducted a final security inspection of Room 6217, U. S. Customs Service Headquarters. It was determined that all recommendations contained in reference A. had been followed and all security features were in accordance with NFIB/NF19 9.1/47. Accordingly, Room 6217 is now accredited as a Sensitive Compartmented Information Facility authorized closed storage of SCI material within GSA-approved security containers. Specifically, this accreditation applies to storage of TK material. The Senior Intelligence Officer of the U. S. Treasury Department, or his designee, has the authority to accredit this facility for storage of SI material. [REDACTED]
